The Downtown Collaboration Award

This award recognizes a group partnership that has made a unique, positive contribution to Downtown; and has been responsible for a project or program that has complemented the work of the City of Tampa and the Tampa Downtown Partnership.

The City of Tampa's Statement:

The City of Tampa team is thrilled to be nominated for the "Art on the Block" Mural Day, an initiative by Mayor Jane Castor that aimed to bring art and artists into neighborhoods and create unity and inclusiveness, all while promoting the City's Vision Zero goals. The murals are a lasting reminder of how hundreds of volunteers joined together to beautify our streets in the spirit of coming together as a community. Creating safer streets for all is one of the top priorities for Mayor Castor's Transforming Tampa's Tomorrow, so it is very exciting to be recognized as a finalist for our efforts as a Vision Zero City.
